PREMIUM TENCEL YARN

Tencel Ribbon Yarn

Product Name:
Tencel Ribbon Yarn

Specification:
1/1.7NM

Material:
100% Tencel

Gauge:
3GG

Best for:
Knitted Cardigan

Soft Touch Breathable Ribbon Structure Ideal for Cardigans

张家港市乾耀纺织有限公司
ZHANGJIANG QIANYAO TEXTILE CO., LTD

The image displays a product card for Tencel Ribbon Yarn. On the left, a list of specifications is provided, each accompanied by a circular icon: a ball of yarn for the product name, a skein of yarn for the specification (1/1.7NM), a single leaf for the material (100% Tencel), a grid pattern for the gauge (3GG), and a cardigan silhouette for the best use (Knitted Cardigan). Below this list are four additional icons with labels: a hand feeling fabric for 'Soft Touch', wavy arrows for 'Breathable', a cross-section of the yarn for 'Ribbon Structure', and a cardigan silhouette for 'Ideal for Cardigans'. On the right, a dark blue knitted cardigan sample is shown, featuring a white label at the top with the company name '张家港市乾耀纺织有限公司' and 'ZHANGJIANG QIANYAO TEXTILE CO., LTD' in Chinese and English, flanked by floral patterns. A white hanger is visible at the top of the cardigan.

This product card features a white background with a central image of a purple knitted fabric sample. The fabric has a complex, repeating diamond-shaped cable knit pattern. Above the fabric sample, a white plastic hanger is visible. The company name '张家港市乾融纺织有限公司' and its English translation 'JIANGSU QIANRONG TEXTILE CO., LTD.' are printed in black. To the left of the fabric sample, four circular icons represent different yarn textures: 'Soft Texture' (cloud-like), 'Subtle Sparkle' (stars), 'Textured Knit' (vertical rib), and 'Ideal for Cardigans' (cardigan silhouette). Each icon is connected to a horizontal line pointing towards the fabric sample. The product name 'Product Name: Wrapped Ply Yarn' is at the top left, and the specification 'Specification: 1/2.5NM' is below it. The material composition 'Material: 59% Cotton, 39% Acrylic, 2% Luxex' and gauge 'Gauge: 3GG' are listed further down. The text 'Best for: Knit Cardigan' is at the bottom left.

Product Name: Wrapped Ply Yarn

Specification: 1/2.5NM

Material: 59% Cotton, 39% Acrylic,
2% Luxex

Gauge: 3GG

Best for: Knit Cardigan

Before bulk confirmation

- Approve one physical knitted swatch in the intended stitch and gauge.
- Record count, composition, colour reference, washing route and packing requirement.
- Keep one approved sample with the buyer and one matching reference for production.
- Confirm repeat-order details again if stitch, gauge, finishing or colour route changes.
